Administrator's Statement

The mission of the State Office of Risk Management (Office) is to provide active leadership to enable State of Texas agencies to protect their employees, the general public, and the State's physical and financial assets by reducing and controlling risk in the most efficient and cost-effective manner.

The primary focus of this legislative appropriation request for the biennium beginning September 1, 2021, is to protect safety and health of the State's employees and assets. The funds will allow the Office to implement risk-based approaches for identifying exposures and emphasize strategies intended to reduce financial and performance losses at client agencies, while continuing to support the fiscal controls that have reduced the State's costs by over \$30 million per year.

AGENCY BACKGROUND

The Office was established in 1997 by the 75th Legislature and is administratively attached to the Office of the Attorney General. The Office is governed by a five-member Board and is charged by law to operate as a full-service risk and insurance manager for state agencies, including the enterprise risk and insurance management programs, the continuity of government operations program, and the self-insured government employees' workers' compensation program.

The Office provides services to all state entities subject to Chapters 412 and 501 of the Texas Labor Code. The Texas A&M University System and University of Texas System and the Texas Department of Transportation are not subject to these provisions as they operate separate workers' compensation and risk management programs pursuant to Texas Labor Code Chapters 502, 503, and 505, respectively. Other entities, such as the Texas Tech University System, the Texas State University System, the Employee Retirement System, and the Teacher Retirement System have special provisions. The Office also provides public policy-based benefits for certain law enforcement and emergency response personnel providing services to the State of Texas.

AGENCY FUNDING SOURCES

Pursuant to Chapter 412.012 and 412.0121, Texas Labor Code, the Office receives no General Revenue and is funded solely by Interagency Contracts (IAC) with jurisdictional entities. Annual assessments are determined by a formula based on historic Full Time Equivalent (FTE), payroll, claims, and claims cost data. Costs borne by state agencies have been offset by the reductions in claims losses resulting from the Office financial controls.

EXCEMPT POSITIONS

The Office's Executive Director is the only exempt position. The Office is not requesting any changes to the position nor is SORM requesting any additional exempt positions.

AGENCY ADMINISTRATION

The Office is governed by a five-member Board appointed by the Governor. Members of the Board serve staggered terms of six years.

Lloyd M. Garland, M.D., Chair

Lubbock, Texas

Term to expire February 1, 2025

Honorable Ricardo Galindo

San Antonio, Texas

Term to expire February 1, 2025

Rosemary Gammon

Plano, Texas

Term to expire February 1, 2021

Tomas Gonzalez

El Paso, Texas

Term to expire February 1, 2023

Gerald Ladner, Sr.

Austin, Texas

Term to expire February 1, 2021

Rulemaking authority to implement Chapters 412 and 501 of the Texas Labor Code is vested with the Board, including adopting rules relating to reporting requirements for covered entities. The Board reports to each Legislature on the methods to reduce the exposure of state agencies to the risks of property and liability losses, including workers' compensation losses; the operation, financing, and

management of those risks; and the handling of claims brought against the State. The Board is also responsible for oversight and for hiring the Executive Director of the Office, who manages agency operations.

Summary of Injuries and Claims per Section 501.048, Texas Labor Code

Pursuant to the requirements of Section 501.048, Texas Labor Code, the following summary information is provided relating to the injury reports and workers’ compensation claims from the State Office of Risk Management.

Fiscal Year	Number of First Reports of Injury	Medical Benefits Paid	Indemnity Benefits Paid	Number of Injuries per 100 FTEs
2019	0	\$0	\$0	0
2020	1	\$1,855.51	\$0	0.87
Biennium Total	1	\$1,855.51	\$0	0.44

Respecting job safety and reduction of injuries, the Office is especially active in the implementation and promulgation of health and safety policies and guidelines, both externally in providing training and resources to client entities and the general public and internally through participation of all levels of staff in related industry training and professional membership opportunities.

SIGNIFICANT EXTERNALITIES

The most significant externality to the agency has been COVID-19 pandemic. The Office has seen a substantial increase in workers' compensation claims due to COVID-19 and has created Strategic Task Forces and a Critical Response Team to specifically address crisis-related issues. The Office of the Governor facilitated meetings between the Texas Department of Insurance (TDI) and the Office to obtain emergency adjuster licenses for other staff to help with the increased caseload volume, adjusted resources, and enhanced communications. The requirement that agencies work from home during the early months of the pandemic required the Office to make infrastructure updates as most of the Office’s critical systems did not allow for remote access. In the interim, the Office initiated shift work and other methods to reduce potential exposure for staff, while maintaining essential operations.

Being administratively attached to the Office of the Attorney General, SORM is scheduled to implement CAPPS Financial in FY22. The Office of the Attorney General will request funding to implement CAPPS for SORM in its Legislative Appropriation Request.

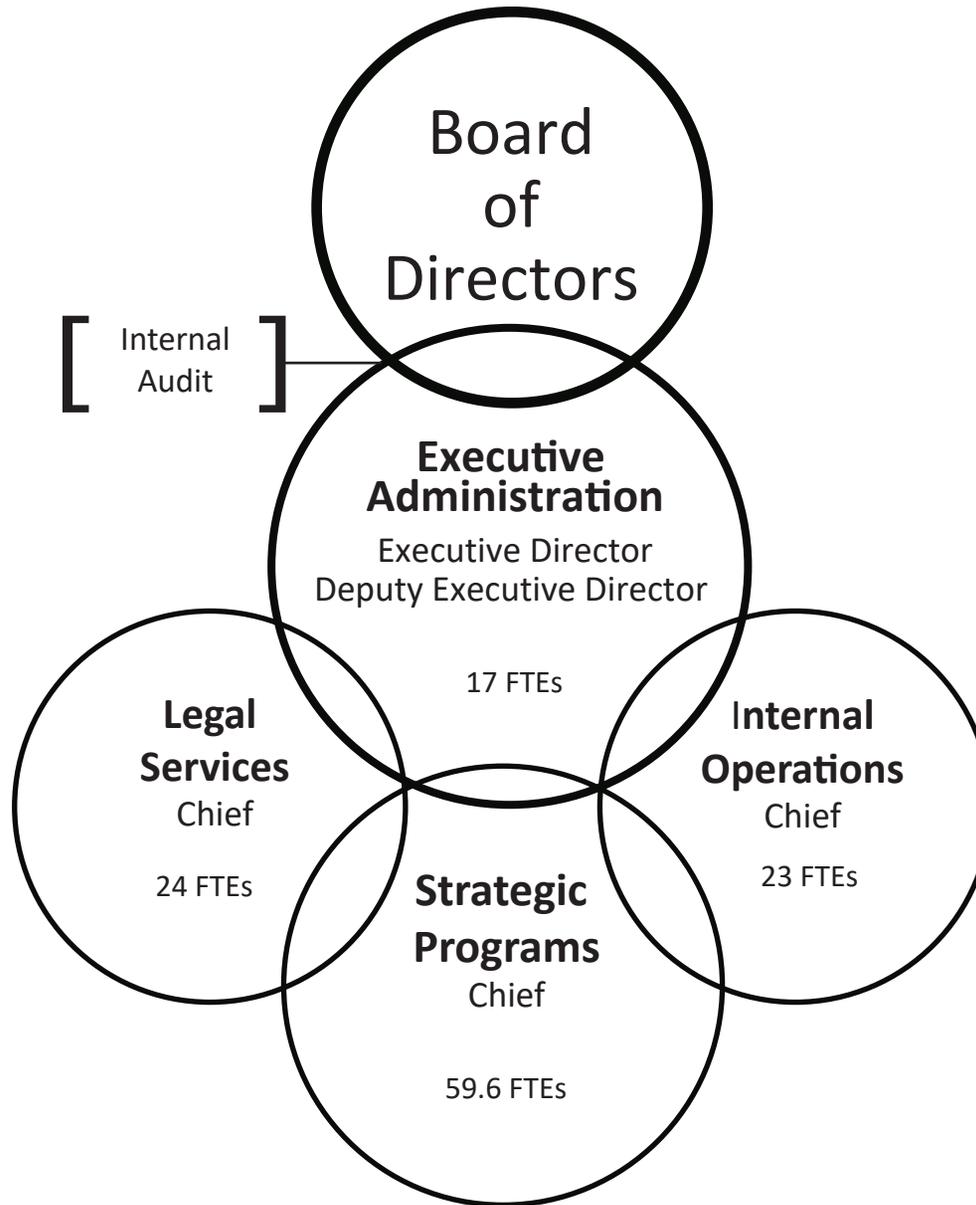

CONCLUSION

Effective oversight is the key to protecting the State's employees and resources while minimizing losses. The Office looks forward to presenting its appropriation request during the upcoming session.

Respectfully,

A handwritten signature in black ink, appearing to read 'S. Vollbrecht', with a long horizontal flourish extending to the right.

Stephen S. Vollbrecht,
J.D., M.A., AINS, AIS, ARM, MCP, MEMS
State Risk Manager, Executive Director
Texas State Office of Risk Management

TOTAL FTEs: 123.6

Descriptions of Functional Units

Board of Directors:

The Board's duties are to implement Chapters 412 and 501 of the Texas Labor Code to enable State of Texas agencies to protect their employees, the general public, and the State's physical and financial assets by reducing and controlling risk in the most efficient and cost-effective manner. The Board accomplishes these goals by adopting rules, authorizing assessments of client agencies, and reporting to the Legislature. The Board is also responsible for hiring the Executive Director.

Executive Administration:

The Executive Administration Division is comprised of the Executive Office and two additional departments: Public Relations and Project Management.

The Executive Office provides strategic and operational oversight for the agency. The Executive Director serves as the State Risk Manager and administrator of all statutory programs and is responsible for the day to day oversight of all agency functions. The Executive Director's duties are described in Texas Labor Code 412.041.

The Public Relations Department is responsible for effectively conveying the agency's expertise and authority through public and governmental relations, branding marketing, media, web services, training, and other creative design solutions.

The Project Management Department is responsible for overseeing all agency projects and initiatives providing a framework to manage and evaluate project workflow.

Strategic Programs Division:

The Strategic Programs Division is comprised of three departments: Enterprise Risk, Claims Operations, and Document Processing.

The Enterprise Risk Department provides risk management, insurance, and continuity planning services to client agencies through three units. The Risk Management unit assists state agencies in establishing and maintaining enterprise risk management programs to protect state employees, state assets, and the public served. The Insurance Services unit develops and administers insurance programs to transfer the financial risk of the state and provide consultative insurance services to state entity clients. The Continuity Planning unit assists agencies with the implementation of the Continuity of Operations (COOP) planning, in coordination with the Office of Homeland Security, Texas Division of Emergency Management; the Department of Information Resources; and others.

The Claims Operations Department performs full investigations of each reported workers' compensation injury, determines compensability, and adjusts claims. Claims examiners handle all aspects of claims as required by law and policy to provide indemnity and medical benefits to injured state employees.

Document Processing is responsible for the initial setup and data entry of injury claims received, as well as the maintenance of all inactive claim files.

Legal Services Division:

The Legal Services Division is comprised of three departments: Litigation Management, Quality Assurance, and Compliance Management.

The Litigation Management department is responsible for presenting and directing the Office's defenses during various administrative dispute resolution processes and monitors and assists the Tort Litigation Division of the Office of the Attorney General when it represents the agency in administrative and judicial proceedings. The department also handles subrogation, medical recovery, and fraud investigation, and is responsible for the recovery of expenses paid on behalf of state employees injured in the course and scope of employment due to the negligence of a third party. Medical recovery focuses on recovering monies from health care providers due to billing errors and coordinates with our two investigators in identifying fraudulent practices by injured workers and/or providers, and coordinates with various district attorneys across the State to recover these funds.

The Quality Assurance department provide quality assurance by auditing claims for compliance with all statutory and policy requirements, tracking overpayments both statutory and procedural.

The Compliance Management department focuses on the review and updating of existing policies and procedures, and managing contracts, customer complaint/ethics, and open records functions. The department also provides legal and policy assistance for agency-wide issues, as well as decisions that affect covered state agencies, including tracking relevant legislation and responding to Legislative inquiries as appropriate and working with executive management to comment and educate on proposed rules and legislation.

Internal Operations Division:

The Internal Operations Division consists of three departments: Financial Management, Talent Management, and Information Technology.

The Financial Management department processes and issues approved workers' compensation medical and indemnity payments to claimants and medical providers, including the cancellation, re-issue, and correction of warrants. The department also administers the assessment program which allocates the amounts to participating state agencies for the costs of operating the agency, including processing workers' compensation claims. Financial Management provides all accounting and budget functions for the agency in coordination with the Office of Attorney General (OAG) Accounting and Budget Divisions.

The Talent Management department serves as a liaison between the Office and the full OAG HR division and the Office's Legal Services Division. Talent Management is also responsible for personnel actions, leave accounting, and developing and managing a return-to-work program.

The Information Technology department maintains all Office systems and interfaces; monitors and provides data; and oversees and responds to security issues. The department conducts all agency hardware and software maintenance; monitors software licensing; maintains user access; maintains passwords; and interfaces with OAG ITS.

CERTIFICATE

Agency Name State Office of Risk Management

This is to certify that the information contained in the agency Legislative Appropriation Request filed with the Legislative Budget Board (LBB) and the Governor's Office Budget Division (Governor's Office) is accurate to the best of my knowledge and that the electronic submission to the LBB via the Automated Budget and Evaluation System of Texas (ABEST) and the PDF file submitted via the LBB Document Submission application are identical.

Additionally, should it become likely at any time that unexpended balances will accrue for any account, the LBB and the Governor's Office will be notified in writing in accordance with Article IX, Section 7.01 (2020-21 GAA).

CODE	DESCRIPTION	Exp 2019	Est 2020	Bud 2021	BL 2022	BL 2023
------	-------------	----------	----------	----------	---------	---------

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Executive Director of the Office serves by law as the State Risk Manager. The Office’s responsibilities include enterprise risk and insurance management, continuity of government operations, and the self-insured government employee workers’ compensation program. The Office provides services to 141 state agencies and 123 Community Supervision and Corrections Departments, with 192,000 state employees, nearly \$11.6B in insured real and personal property, and assets estimated in excess of \$80B.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

External factors likely to impact Office efforts are: legislation and administrative rulemaking altering the types/levels of risk experienced or requiring additional resources for compliance, including potential exposure to penalties; market volatility and absence of self-insured retentions at the state level; increased losses in response to external factors outside the control of client agencies (e.g., economic downturns, natural disasters, security threats, reductions in workforce); marginalization of risk management leading to inadequate planning/failure to anticipate, avert, and reduce the impact of associated exposures; inadequate continuity planning and testing by client agencies resulting in failure to operate during a crisis; insufficient enforcement mechanisms to encourage compliance; demographic changes affecting the number and severity of injuries; rising medical and indemnity costs; and greater demands respecting the full range of enterprise risk management services.

Internal factors likely to impact efforts are: budgetary constraints negatively affecting available resources, including but not limited to availability/retention of staff with appropriate skills/expertise; increasing contractual complexity requiring specialized expertise; and legacy computer systems negatively affecting the Office’s ability to efficiently streamline data compilation/analysis.

------	-------------	----------	----------	----------	---------	---------

Workers' Compensation Payments: Estimated and Nontransferable

This strategy is a separate goal for paying medical expenses and compensation to injured state workers. The Office provides self-insured workers' compensation claims administration services to all state agencies and Community Supervision and Corrections Departments subject to Chapters 412 and 501 of the Texas Labor Code, with the exception of the Texas A&M System, the University of Texas System, and the Texas Department of Transportation. The Office acts in the capacity of insurer, and is responsible for receiving and investigating reports of injuries filed on behalf of employees, determining whether a claim is compensable, and paying income and medical benefits as due. This strategy contributes directly to the priority goal of general state government to support effective, efficient, and accountable state government operations.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Annual costs of the State's workers' compensation program have been reduced by more than \$30 million since FY03. The decrease is due to greater accountability on the part of agencies and improved controls in the Office's claims processing. The annual savings noted are more than sufficient to fund the agency's administrative strategy's costs for a full biennium. There is no transfer authority between this strategy appropriation and the administrative strategies.

Both the medical fee schedule and the indemnity rate may rise, resulting in long term increases. Continued implementation of a workers' compensation certified health care network may result in increased administrative costs for contracting and monitoring the network, though performance-based monitoring and treatment guidelines are anticipated to result in improved outcomes and the potential for long-term savings.

External changes in the law, rules, guidelines, compensation rates, and legal determinations made by TDI/DWC directly affect this strategy. Factors which affect the number/cost of injuries include the number of employees covered, occupational risk levels, safety programs, fraud rates, and staffing levels. Loss of subrogation recoveries would increase net costs by reducing revenue from non-state sources.

Any unexpended and unobligated balances remaining as of August 31, <u>2022</u> 2020, out of appropriations made above in Strategy A.1.1, Enterprise Risk Management/Claims Administration, are appropriated to the State Office of Risk Management for the fiscal year beginning September 1, <u>2022</u> 2020, to be applied toward assessments charged to state agencies for the administration of the workers' compensation and risk management programs for fiscal year <u>2023</u> 2021.</p> <p><i>The rider is updated for the 2022-2023 biennium.</i></p>
6	1-89	<p>Appropriation - Subrogation of Receipts. All sums of money recovered by the State Office of Risk Management from third parties by way of subrogation are appropriated to the State Office of Risk Management during the biennium of receipt to be used for the payment of workers' compensation benefits to state employees.</p> <p><i>No change requested.</i></p>

3.B. Rider Revisions and Additions Request (continued)

Current Rider Number	Page Number in 2020–21 GAA	Proposed Rider Language
7	I-89	<p>Cost Containment. The State Office of Risk Management shall submit a report detailing the effectiveness of various cost containment measures undertaken and proposing additional measures to reduce workers' compensation costs. This report shall be submitted to the legislative and executive budget offices, in the form those offices require, within 45 days after the close of each fiscal year</p> <p><i>No change requested.</i></p>
8	I-89	<p>Reporting of Workers' Compensation Claims. For the purpose of reporting expenditures to the Uniform Statewide Accounting System (USAS), the State Office of Risk Management (SORM) shall account for payments of workers' compensation claims based on the date on which the bill for services is presented for payment to SORM.</p> <p>In addition, not later than November 1 of each year, SORM shall submit a report to the Comptroller of Public Accounts, the Governor's Office, and the Legislative Budget Board which accounts for workers' compensation expenditures for the preceding fiscal year based on the date on which the injury occurred and the medical or related service was performed.</p> <p><i>No change requested.</i></p>
9	I-89	<p>Sunset Contingency. Funds appropriated above for fiscal year 2021 for the State Office of Risk Management are made contingent on the continuation of the State Office of Risk Management by the Eight-sixth Legislature, Regular Session, 2019. In the event that the agency is not continued, the funds appropriated for fiscal year 2020 or as much thereof as may be necessary, are to be used to provide for the phase out of agency operations.</p> <p><i>This rider is unnecessary for the 2022-2023 biennium.</i></p>

**3.B. Rider Revisions and Additions Request
(continued)**

15.02	IX-72	<p>Payments to the State Office of Risk Management (SORM).</p> <p>(a) In this section:</p> <p>(1) "Agency" includes a state agency as defined under §2151.002, Government Code, which includes an institution of higher education (except a public junior college) as defined under §61.003, Education Code, and may also include any other unit of state government as defined by the rules of SORM, which participates in cost allocation plan provided under this section;</p> <p>(2) "Assessment" means the amount of the workers' compensation assessment placed on an agency by SORM and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management and Claims Administration, as provided by this section and other relevant law; and</p> <p>(3) "SORM" means the State Office of Risk Management.</p> <p>(b) At the beginning of each fiscal year, SORM shall prepare a statement reflecting the assessments due from all agencies and present it to the Comptroller.</p> <p>(c)</p> <p>(1) Notwithstanding other provisions in this Act, agencies shall transfer to SORM seventy-five percent (75%) of their assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management and Claims Administration.</p> <p>(2) Not later than May 1 of each fiscal year, SORM shall determine, based on actual costs since the beginning of the fiscal year and other estimated costs, the remaining assessment due from each agency. SORM shall prepare a statement reflecting the remaining assessments due from each agency and present the statement to the Comptroller. Each agency shall transfer to SORM the remaining assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management and Claims Administration.</p> <p><i>Continued on next page.</i></p>

Project number:	1	Project Name:	RMIS

PROJECT DESCRIPTION

General Information

This is a comprehensive, configurable and cloud-enabled Risk Management Information System (RMIS) to integrate SORM's statutory programs - enterprise risk management, insurance purchasing, workers' compensation claims administration, COOP planning, and current and future operational systems.

PLCS Tracking Key	NA

R	1	0.00

Explanation: The ideal RMIS will provide substantial document management functionality and advanced tracking and management reporting capabilities to enable the State of Texas to consolidate, monitor, and analyze data regarding the overall cost of risk for the purposes of risk and response decision-making. The increased efficiency should help to lower overall medical and indemnity costs, and increased compliance with statutory and administrative obligations.

Project Location: Cloud-Based System

Beneficiaries: SORM, Client Entities and State of Texas Employees

Frequency of Use and External Factors Affecting Use:

The system would be in constant and increasing use by client entities and SORM staff. The OAG supports efforts to end using their main frame as they anticipate being off their own main frame themselves after deploying CAPPS financials

B. Assessment of Fiscal Year - Efforts to Meet HUB Procurement Goals

Attainment:

For FY 2018, the agency exceeded two (2) of the three (3) of the applicable statewide HUB procurement category goals: Professional Services (76.3%) and Other Services (29.9%). The actual HUB percentages for these categories was (100%) and (55.9%). Overall the agency spent a total of \$698,757 with HUB vendors. For FY 2019, the agency exceeded three(3) of the three (3) HUB procurement category goals, Professional Services (100%) Other Services (55.7%) and Commodities (42.2%). Overall the agency spent \$653,654 with HUB vendors.

Applicability:

The Heavy and Building Construction and Special Trades procurement goals are not applicable to the agency's FY 22-23 business operations.

Factors Affecting Attainment:

The agency attained the HUB procurement goal for both FY 2018-2019.

"Good-Faith" Efforts:

In both FY 2018-2019, the State Office of Risk Management met the HUB Procurement Category goals in all categories relating to our agency mission.

USE OF HOMELAND SECURITY FUNDS

Expenditures on COVID-19 related expenditures in Strategy B.1.1., relate to COVID-19 in FY20. SORM does not receive any Federal Funds. The amount in other operating expenses is from our Workers' Compensation Program. Due to the nature of Workers' Compensation laws this amount could be paid over multiple years.
